NOTICE: Manufacturing location change for select 3M™ Adhesive Transfer Tapes

Dear Valued 3M Customer:

As a continuous improvement effort, 3M will be moving the adhesive coating manufacturing process from 3M Cottage Grove to 3M Knoxville for the adhesive transfer tapes listed in Table 1. This will enable 3M to better service our customers. Certificates of Analysis (CoA) or Certificates of Conformance (CoC) may be impacted depending on the product you purchase. Currently your certificates may state 3M Cottage Grove. Once the change is implemented, the certificates will state 3M Knoxville.

The converting locations, 3M Aberdeen or 3M Knoxville, of the finished products will not be changing. The referenced change is not expected to impact the product's form, fit, or function. 3M expects the typical performance characteristics to remain the same upon implementation of the change.

The impacted 3M™ Adhesive Transfer Tapes (Table 1) will continue to be manufactured in an ISO 9001 certified location with a quality management system in place. Implementation of the change is expected by August 2024.

Thank you for your continued support of 3M products and solutions.

Sincerely,

Andrew Goodrich
Area Portfolio Manager, Thin Bonding Tapes
Industrial Adhesives and Tapes Division
