

July 1, 2024

Dear Customers,

This memo is to inform you of AkzoNobel's rationalization of the Eclipse 400 ML Aerosol Cans. Effective immediately AkzoNobel will no longer be able to accept orders for the 400 ML Eclipse Aerosol Cans.

AkzoNobel will still offer the Eclipse Aerosol Cans in the various colors if the request is made in the 250 ML aerosol can configuration. Please transition your demand to the new 250 ML cans immediately.

Thank you for your understanding and cooperation.

Jeremy Chiglo

North American Distribution Manager
