

## YOUR SOURCE FOR ENGINEERED MATERIALS IN ELECTRONICS.

GracoRoberts and Resin Formulators provide innovative formulations for every advanced manufacturing need. With a nearly limitless assortment of end properties, our epoxy systems and specialty packaging solutions provide enhanced reliability, while improving manufacturing efficiencies.

From in-stock chemical solutions from leading manufacturers, to Resin Formulators' RF 5407 alumina-filled, liquid epoxy resin, and everything in between, we offer innovative off-the-shelf and specialty solutions that optimize your design flexibility by providing the performance characteristics you demand.

With an extensive product portfolio and a team of custom formulators who will develop and deliver exactly what you need, when you need it, we remain nimble to stay on the leading edge of materials applications across a variety of electronics industry segments:

- » Avionics
- » Automotive and Electric Vehicle
- » Communications and Computing
- » Consumer Electronics
- » Industrial Electronics
- » Display and Lighting
- » Passive Components
- » Power Industry
- » Semiconductor Packaging
- » Sensors
- » Wireless Data Communications

### KEY PARTNERS AND BRANDS

### COMMITMENT TO QUALITY AND SERVICE

GracoRoberts and Resin Formulators are fully qualified to design, manufacture, and distribute products to a variety of industries. We are independently certified to three rigorous international quality standards: ISO 9001:2015, AS9100 (Rev. D) and AS9120 (Rev. B). To verify compliance with the requirements of these certifications, we engage in routine on-site examinations, self-reviews, and audits of our processes.

That, coupled with our standing as the only distributor/manufacturer to guarantee 100% inspection of every order from the point-of-entry to the point-of-shipment, ensures that the necessary controls are in place.

## **CUSTOM FORMULATION, PACKAGING & DISPENSING**

Resin Formulators – exclusively engineered by the manufacturing division of GracoRoberts – is the time-tested and trusted brand of epoxy, urethane, and silicone specialty materials that can be uniquely customized, tested and certified on-demand.

### **Applications**

- » Assembly
- » Paste and Film Adhesives
- » Conformal Coating
- » Underfill
- » Encapsulation
- » Sealants
- » Surface Mounts
- » Thermal Management Materials

### **Products**

- » Epoxy
- » Urethane
- » Silicone RTV and Gel
- » Cyanoacrylate
- » Acrylic
- » Hot Melt

Whether it's stock or custom material, every product that leaves our warehouse can be custom packaged to optimize your business, and our dispensing technology ensures precision and safety with every application.

### **A wide range of options are available:**

- » Re-packing into smaller containers (gallons, quarts, pints)
- » Single component cartridges
- » Side-by-side cartridges
- » Bi-packs
- » Barrier kits
- » Pre-mixed and frozen
- » Pudding cups
- » Totes
- » Syringes
