Subject: Supply Disruption – BONDERITE® AERO Products

Dear Valued Customer:

The ability of Henkel Corporation (“Henkel”) to procure a raw material used in the production of certain Henkel products has been limited as a result of the inability of the raw material manufacturer to supply this raw material due to unprecedented supply chain constraints. Henkel is currently unable to predict the duration of this disruption, and as a result there may be delays in deliveries of the following products:

Product Name	IDH
BONDERITE C-AK 4215 NC-LT AERO	598338
BONDERITE C-AK 4215 NC-LT AERO	785191
BONDERITE C-AK 4215 NC-LT AERO	596844
BONDERITE M-CR ACCELAGOLD AERO	597534
BONDERITE M-CR ACCELAGOLD AERO	2079974

We are in the process of reviewing our ability to fill existing orders and will need additional time to confirm recent orders.

Henkel is in close contact with its suppliers and using all commercially reasonable means to leverage its global supply chain to address this situation and support its customers.

Your account manager will contact you to discuss the status of current and future orders. Henkel appreciates your patience and understanding during this challenging period.

With Best Regards,

Penny Gliane
Henkel Corporation
Regional Product Manager
