Subject: Supply Disruption – Raw Material Polyester Scrim used in LOCTITE® EA 7000 Products

Dear Valued Customer:

The ability of Henkel Corporation ("Henkel") to procure the above referenced raw material used in the production of LOCTITE EA 7000 products has been limited as a result of the discontinuation of this material by the raw material manufacturer. Henkel has identified an alternative material and has begun a management of change project to complete the qualification of this material.

We are in the process of reviewing our ability to fill existing orders and will need additional time to confirm recent orders.

Henkel is in close contact with its suppliers and using all commercially reasonable means to leverage its global supply chain to address this situation and support its customers.

Your account manager will contact you to discuss the status of current and future orders. Henkel appreciates your patience and understanding during this challenging period.

With Best Regards,

A handwritten signature in black ink that reads "George Thomas". The signature is written in a cursive style with a horizontal line underneath the name.

George Thomas
