Subject: Production Site Move from Henkel Yantai Plant to Henkel Kunpeng Plant

Dear Valued Customer:

Please see attached communication issued July 1, 2024, by Henkel Loctite (China) Co. LTD. The impacted Henkel products are identified in Appendix A, attached.

Please contact your local Henkel sales representative if you have any questions or require further information.

Thank you for your support of our products. We look forward to your continued business.

With Best Regards,

Michelle Rybak
Henkel Corporation
Head of Product Management, AMI Americas

DOC#514

Notice on the relocation of production from Henkel Loctite Yantai manufacturing site to new Henkel Kunpeng Plant

Dear Valued Customer,

We would like to extend our sincere gratitude for your continued strong support of Henkel.

We are delighted to announce that we are embarking on a new chapter in our commitment to customer service by expanding our production capacity in China. Our new production site in Yantai China, the Kunpeng Plant, will make a significant milestone for Henkel in China. This new facility will enhance Henkel's supply capacity of high-impact adhesive products and further optimize the production network, to better meet the growing demand from domestic and international markets.

With state-of-the-art manufactory facilities and sustainability designs, the new production site will deliver higher levels of automation, digitization, sustainability, safety, efficiency, and product quality.

As part of our carefully designed roadmap, we will be relocating the production of your product, currently manufactured at Henkel Loctite (China) Co., Ltd. (No. 90 Zhujiang Road, Yantai Economic and Development Area), to the new Kunpeng Plant (Yantai YEDA, Chongqing Avenue 86) located in Yantai Chemical Industry Park. We will ensure a seamless transition and provide better service and support to our valued customers.

Key milestones related to the production relocation are planned as below:

- Kunpeng Plant construction: July 2023 to August 2025
- Trial production at Kunpeng Plant: Start from September 2025
- Stop of production at current site: December 31st, 2026 (Est.ed)

During the relocation period, our Henkel sales and service representatives will communicate with relevant departments of your company to better understand your requirements for the production site change process and ensure swift transfer and validation of production site.

Thank you for your understanding and support!

Sincerely,

A handwritten signature in black ink, appearing to be "S. Gu", written above a horizontal line.

Simon Gu
Head of Operations Greater China

Henkel Loctite (China) Co., Ltd.
