Subject: Package Change - LOCTITE® Cyanoacrylate Adhesives in 20g and 1oz Bottles

Dear Valued Customer,

The cap on LOCTITE® Industrial Cyanoacrylate Adhesives in 20g and 1oz bottles is changing to globally align packaging. The current threaded twist style cap will be replaced with an easy snap-shut cap. This easy snap-shut cap is the same cap currently used on LOCTITE® Medical Device Cyanoacrylate Adhesives in 20g and 1 oz bottles. With this cap change, there is no impact to product compatibility or shelf life.

Current – Threaded Twist Cap

New – Easy Snap-Shut Cap

This change is effective January 1, 2024. You may see both cap styles on impacted products listed below for a short period of time as inventory of the old cap is depleted.
