Subject: Update – North America 2024 Product Rationalization Correction

Dear Valued Customer:

On October 28, 2024, Henkel ACM General Manufacturing & Maintenance issued a "**North America 2024 Product Rationalization**" **correction letter** (attached) which communicated a list of products that would be moving from the ACM General Manufacturing & Maintenance division to the AM Industrials division of Henkel in Quarter 1, 2025. The list of affected products is included in the correction letter & in Appendix A1 of this communication.

While the change will still take place, it is no longer planned for 2025. To ensure a seamless transition, we have decided to postpone the implementation until early 2026. The affected products will continue to remain active & available through 2025.

We apologize for any inconvenience caused. If you have any questions, please contact your sales representative for further information on purchasing these products moving forward.

Thank you for your continued support and we are looking forward to your continued business.

With Best Regards,

A handwritten signature in black ink, appearing to read "Keith Cavalieri".

Keith Cavalieri
Head of Markets & Applications Management, ACM NAMEX
Henkel Adhesives Technologies, Henkel Corporation

Appendix A1:
