Adhesives – Tooling NEWSLETTER:

Introduction - Packaging improvement ARALDITE® 2030 50ml

Dear valued customer,

Following a review of our adhesives portfolio we have decided to change the 50ml cartridge and mixer to be delivered with ARALDITE® 2030.

We would like to double confirm the following:

The new packaging was tested with ARALDITE® 2030 and demonstrated an improved storage stability and no negative impact on flow and mixing.

Additionally, it has been decided to remove the foil bag encasing the cartridges.

There are no changes to the product formulation equally no changes to the product specification, or the commercial terms.

Product details:

SIN	Material description
4120008	ARALDITE 2030 6X6X50ML 55E

The change is illustrated in the below picture.

On the left:
old ARALDITE® 2030
50ml cartridge and mixer
