

IN-STOCK AND ON TIME, EVERY TIME.

At Silmid, we recognize that stock availability and efficiency are critical to your MRO operations. That's why we provide immediate access to specialized chemicals, ensuring quality and accuracy by adhering to strict safety and regulatory standards, along with consistent on-time deliveries.

With strong partnerships across a network of over 400 suppliers, Silmid has earned Authorized Distributor status with leading brands PPG Aerospace, Shell Aviation, AkzoNobel, Henkel, 3M, and more. Our award-winning B2B eCommerce platform offers quick access to in-stock products, streamlining the procurement process for the aerospace MRO industry.

Our advanced Supply Chain 4.0 capabilities allow us to provide immediate stock availability and pricing, ensuring you receive the chemicals and consumables you need, when you need them. Silmid.com offers 24/7 access to over 10,000 products with immediate inventory updates, easy ordering, and same-day dispatch for UK orders placed before 3 p.m. on weekdays. International customers enjoy global delivery in 24-48 hours.

- » Composite Repair Materials

Aerospace Coatings for MRO Repainting

Silmid is proud to be an Authorized Distributor for AkzoNobel in the EMEA. We offer high-performance interior and exterior coating solutions, and touch-up kits developed to speed up the application process, reduce steps, improve paint appearance, and keep aircraft flight-ready.

Interior Solutions for MRO Cleaning

Silmid is proud to be an Authorized Distributor of Arrow Solutions specializing in top-tier cleaning and maintenance products for the aerospace industry, including degreasers, lubricants, and cleaning products.

For more information on how we can serve your aerospace MRO needs, please contact your Technical Account Manager, visit our website, or call us directly at +44(0)1675 432 850.

COMMITMENT TO QUALITY AND SERVICE

Silmid is dedicated to providing quality products and associated services to satisfy the needs of our customers. We are ISO 9001:2015 / AS9120 certified and dedicated to meeting these international quality standards, along with all relevant legal and third-party requirements. To verify compliance with the requirements of these certifications and drive continuous improvement, we engage in routine management reviews, performance analysis, customer satisfaction, and internal audits of our processes.
