

### TECHNOLOGIES FOR EFFICIENCY AT THE POINT-OF-USE.

Silmid, a GracoRobert company, provides custom packaging and labeling, chemical repacking, contract repacking, and dispensing solutions, ensuring optimal material application, precision, and accuracy at point-of-use. We repackage chemicals, fluids, and greases with state-of-the-art technology and a safety-critical approach.

Products can be repackaged into various container sizes, from small syringes to large drums. Our customizable packaging solutions allow for fast turnaround of materials, reducing waste for the highly technical aerospace, military, and defense industries.

### COMMITMENT TO QUALITY AND SERVICE

Silmid is dedicated to providing quality products and associated services to satisfy the needs of our customers. We are ISO 9001:2015 / AS9120 certified and dedicated to meeting these international quality standards, along with all relevant legal and third-party requirements. To verify compliance with the requirements of these certifications and drive continuous improvement, we engage in routine management reviews, performance analysis, customer satisfaction, and internal audits of our processes.

### Official Repackers of **AeroShell**

As the only authorized repacker of AeroShell lubricants and greases, Silmid ensures full traceability and provides custom labeling and documentation, making it ideal for businesses requiring specific packaging for unique operational needs.

### GRACOROBERTS SERVICES (USA)

Silmid's customers can take advantage of US-based GracoRoberts' specialty packaging services to drive-out cost and material waste, save time, and see productivity gains. As part of a customer-focused and service-first approach, every product that leaves our warehouse can be enhanced with specialty packaging and dispensing to eliminate waste and ensure precision, safety, and accuracy at point-of-use.

GracoRoberts is authorized to repackage for AkzoNobel, Castrol, Henkel, Huntsman, Momentive, and Resin Formulators with approved request. GracoRoberts is proud to have authorization to blend, repackage, and distribute AkzoNobel Aerospace high-performance paints and coatings. Custom kitting, labeling, and bar-coding services and various dispensing options are also available, as well as repack into custom containers. As an Aerospace distributor, we understand the requirements for very fast turnaround on Export Shipments and can provide 24-hour turnaround for AOG customers.
