

### TECHNOLOGIES FOR EFFICIENCY AT THE POINT-OF-USE.

Drive out cost and material waste, save time, and see productivity gains with Silmid's specialty packaging services. Together with our new parent company, GracoRoberts, we have expanded our capabilities to provide you with even more custom packaging and dispensing solutions for your application, ensuring precision, safety, and accuracy at point-of-use.

Tailor the amounts, choose the format, and modify the packaging to work as a complete solution for you and your team of engineers and project managers.

Silmid is proud to be the only UK authorized re-packer of AeroShell lubricants. GracoRoberts is proud to be the only distributor of AkzoNobel aerospace coatings with exclusive authorization to both color blend and repackage in the USA.

Silmid is authorized to repackage for Resin Formulators worldwide, and GracoRoberts is authorized to repackage in the USA for AkzoNobel, Castrol, Henkel, Huntsman, and Momentive with approved request.

Custom kitting, labeling, and bar-coding services and various dispensing options are also available, as well as repack into custom containers.

#### COMMITMENT TO QUALITY AND SERVICE

Through GracoRoberts, Silmid & Resin Formulators are fully qualified to design, manufacture, and distribute products to a variety of industries. We are independently certified to three rigorous international quality standards: ISO 9001:2015, AS9100 (Rev. D) and AS9120 (Rev. B). To verify compliance with the requirements of these certifications, we engage in routine on-site examinations, self-reviews, and audits of our processes.
