Automotive Products

- 3M™ Structural Adhesive Film SAF6068

Their declaration leads 3M to declare the occurrence of a force majeure event and/or impracticability of performance, which excuses our performance while the effects of this event are continuing. We are currently analyzing availability of products and possible allocations and will keep you updated. In the interest of proactively sharing this information with you, we are alerting you to the high likelihood of upcoming supply disruptions.

We have begun contingency planning with respect to future production and are evaluating all available options to minimize potential customer impact.
